Contributors

Portions of the "Textual" application may utilize work from the following people and/or organizations, the use of which is hereby acknowledged.

———————————————————

Primary contributions have been made by:

- Michael Morris   <michael@codeux.com>
- Kyle Fuller   <inbox@kylefuller.co.uk>
- Josh Goebel   <dreamer3@gmail.com>
- Satoshi Nakagawa   <psychs@limechat.net> — creator of Limechat.

A list of all direct contributors can be found on our project page.

———————————————————

Textual has also indirectly incorporated work from several open source projects. Acknowledgement of these can be found in the respective files that were contributed including licensing information for distribution.

———————————————————

If Textual contains work that is not documented or done so improperly, then please let us know as soon as possible so that it can be fixed.
